AIRPORT TOWER

TEAM SPOTLIGHT

Silvia, Rigo, Blanca, Roman

October 2nd is Janitorial Appreciation Day! Our Janitorial team works tirelessly behind the scenes to keep our building clean, safe, and welcoming each day. Please join us in taking a moment to recognize their hard work and dedication- they play a vital role in making Airport Tower a great place to work!

GET TO KNOW THE JANITORIAL TEAM

Meet Rigo! He's been part of the Airport Tower team for the past 5 months! Outside of work, Rigo enjoys exploring hiking trails throughout Los Angeles and Orange County, taking in the views and fresh air. When he's not on the trails, you'll likely find him enjoying his favorite music - Cumbia!

Say hello to Blanca! She has been part of the Airport Tower family for an incredible 16 years, bringing dedication and warmth to our team. Outside of work, Blanca loves spending quality time with her family and giving back by volunteering at her children's school. When it's time to relax, she enjoys listening to her favorite artist - Bad Bunny!

Meet Roman! He has been part of the Airport Tower team for 13 years, bringing experience and consistency to the building. Outside of work, Roman has a passion for photography and enjoys capturing unique moments through the lens. When it comes to music, his go-to's are rock ballads and 90s rock classics.

Say hi to Silvia! She has been part of the Airport Tower family for 12 years! She loves spending time in the kitchen, where cooking is one of her favorite ways to unwind.

BREAST CANCER AWARENESS MONTH

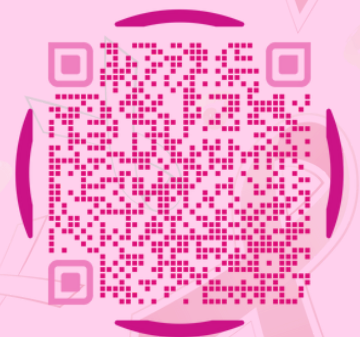

Breast cancer awareness month is a global healthcare event held in October for the awareness of breast cancer since 1985. The Muller Company invites you to wear pink on October 24th to stand with those who are fighting breast cancer and celebrate the survivors, while spreading awareness.

This October, we're hosting a Breast Cancer Awareness fundraiser! Each suite will have a donation bucket, and we'll monitor contributions weekly. The suite that donates the most will win a special lunch reward! Let's make a difference together!

Robots Helping to Map Accessibility in Irvine

The City of Irvine manages thousands of curb ramps, sidewalks, transit stops, public buildings, and parks – and is committed to making these spaces safe and accessible for everyone.

The data collected by the robots will assist staff in programming and prioritizing future improvements to ensure our community is safe and accessible for everyone. In addition, the robots will experience first-hand challenges that someone in a wheelchair might encounter. So if you see the robots, say hello. But please give them space so they can complete their work safely.
